

SVM-8 Stainless Steel Food Mill

Instruction Manual

****CAUTION Blades are sharp.
Use care when handling.***

ASSEMBLY

STEP 1

Place desired blade, dome side up, in the bottom of the mill. Blade will sit on the bottom rim.

STEP 2

Carefully insert the peg of the turning handle with the hole in the center of the dome blade.

STEP 3

Press down simultaneously on the sides with the notches and line up the notches underneath the hooks in the interior of the mill's bowl.

STEP 4

Put desired food in bowl and turn handle.

CLEANING

STEP 1

Press down simultaneously on the sides hooked under the hooks and turn them out from underneath the hooks.

STEP 2

Lift out handle with turning blade.

STEP 3

Place hand underneath bowl to take out carefully or flip over mill on a clean surface and the blade will fall out.

STEP 4

Use hot water and soap to carefully wash the mill and blades.
